Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC[1] lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you

Personalisation

- Turn the Mercedes-Maybach SL into your very own Mercedes-Maybach by personalising driving modes, radio stations and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touchpad on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX – it will tell you the answer

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers.
[1]LINGUATRONIC off-board functions are currently only available for three years

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or a different price

Digital Extras Stay connected any time, anywhere.

Digital Extras are a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Digital Extras let you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service – Digital Extras help to keep you and your car safe

Check your car's washer fluid level, tyre pressure and battery level from your phone so you'll be ready for every journey.

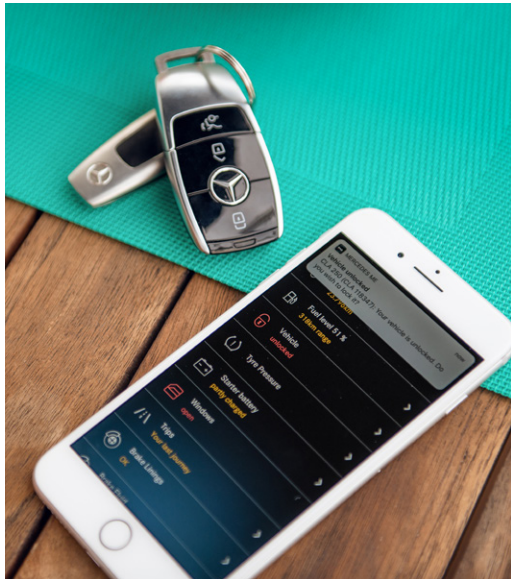

Live Traffic Information, Parked Vehicle Locator and much more

Forgot where you've parked? Parked Vehicle Locator[1] will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the Mercedes-Benz store at shop.mercedes-benz.com/en-gb/connect

Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock[2] you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

DIGITAL LIGHT High-definition headlamps with innovative features

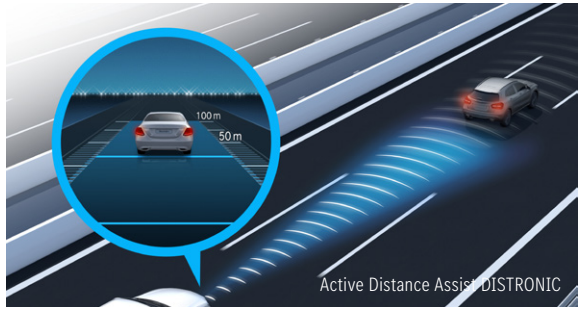

The new innovative DIGITAL LIGHT headlamps works like a projector with more than one million pixels per headlamp and responds with brilliant light to changing traffic, road or weather conditions. Its ULTRA RANGE Highbeam with 650 m makes you feel like driving at daylight.

Driving Assistance package[1] Cares for what matters.

The new Mercedes-Maybach SL comes with standard ground-breaking innovations in safety, comfort and driving functions, to help you stay safe on the road.

Active Lane Change Assist

Active Distance Assist DISTRONIC

Active Emergency Stop Assist

Active Blind Spot Assist expanded with blind spot monitoring towards the front and side. Additional hazard indication of the blind spot warning system as well as the exit warning function via the ambient lighting

Active Braking Assist with cross-traffic function with turning manoeuvre function (responding to (among other things) crossing pedestrians when making a turn). Operating range on urban routes expanded to 74 mph

Active Distance Assist DISTRONIC responds to stationary road users to prevent collisions up to 80 mph

Active Emergency Stop Assist is able to assist in manual mode (previously on in DISTRONIC mode). Optional lane change by one lane (at 49 mph where no obstacles detected)

Active Evasive Steering Assist responds to cyclists and ends of tailbacks in addition to pedestrians. Operating range on urban routes expanded to 67 mph

Active Lane Change Assist aids the driver with changing lanes by means of steering torque as soon as the driver initiates the change by activating the direction indicator

Active Lane Keeping Assist with enhanced comfort thanks to active steering intervention (instead of braking intervention). Additionally hazard indication via the ambient lighting

Active Speed Limit Assist ensures detected speed limits are automatically adopted as the set speed for Active Distance Assist DISTRONIC

Increased availability and cornering performance on carriageways with **Active Steering Assist**, more stern warnings to put hands on the steering wheel with new capacitive steering wheel

PRE-SAFE® PLUS and Impulse Side: when a rear-end collision threatens, PRE-SAFE® PLUS can initiate preventive measures, including warning following traffic and locking the brakes on standstill

Route-based speed adjustment with end of traffic jam function and Active Stop-and-go function adaption of speed before curves, roundabouts and junctions with end of traffic jam function

Traffic Sign Assist warns of inadvertently running a stop sign or red light

Type-specific rendering of detected road users across several lanes on the driver display

Services and insurance

Mercedes-Benz Service Plans

We believe that servicing and repair costs should be as flexible and affordable as possible for your Mercedes-Maybach SL, which is why we offer a choice of Service Plans to make it easy to budget for all your servicing, MOT and repair costs. It spreads your bills into manageable monthly payments based on whether you have a new or used Mercedes-Benz.

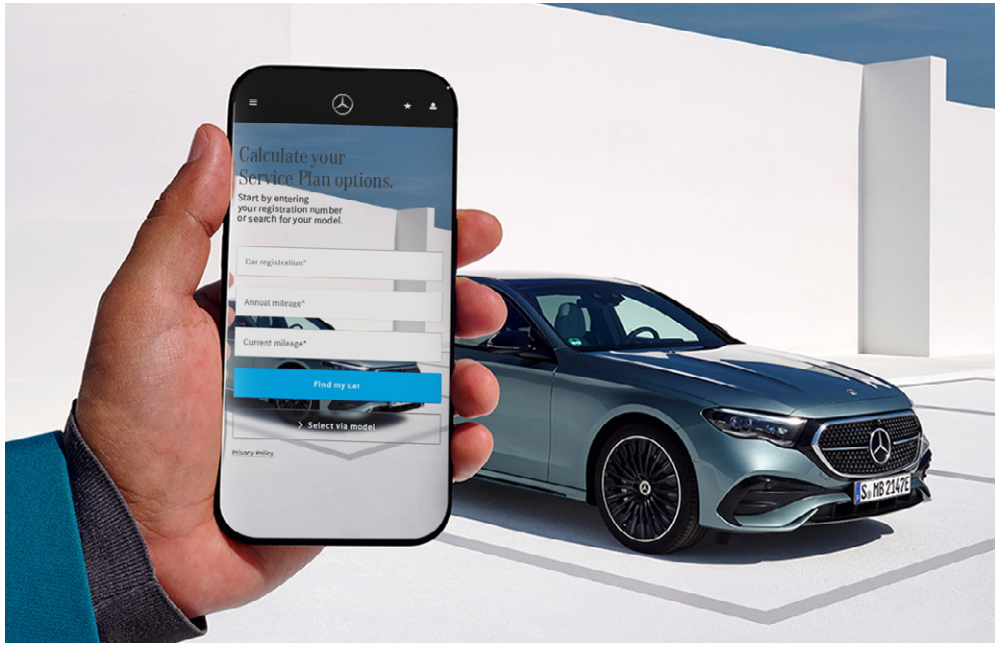

- **ServiceCare** – guarantees the price of parts and labour for up to four services and safeguards against any inflationary influences. It also covers your annual MOT fees depending on the age of your vehicle when you take your plan out.
- **CompleteCare** – our most comprehensive plan covering all your servicing, MOT, wear & tear needs as well as Extended Warranty once your vehicle turns four years old.
- **Extended Warranty** – protect yourself against sudden or unexpected repair costs after your initial warranty period has ended after three years. There are three policy options to choose from: 12-month, 24-month or a monthly pay-as-you-go option.

Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover[1]. It gives you 5 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

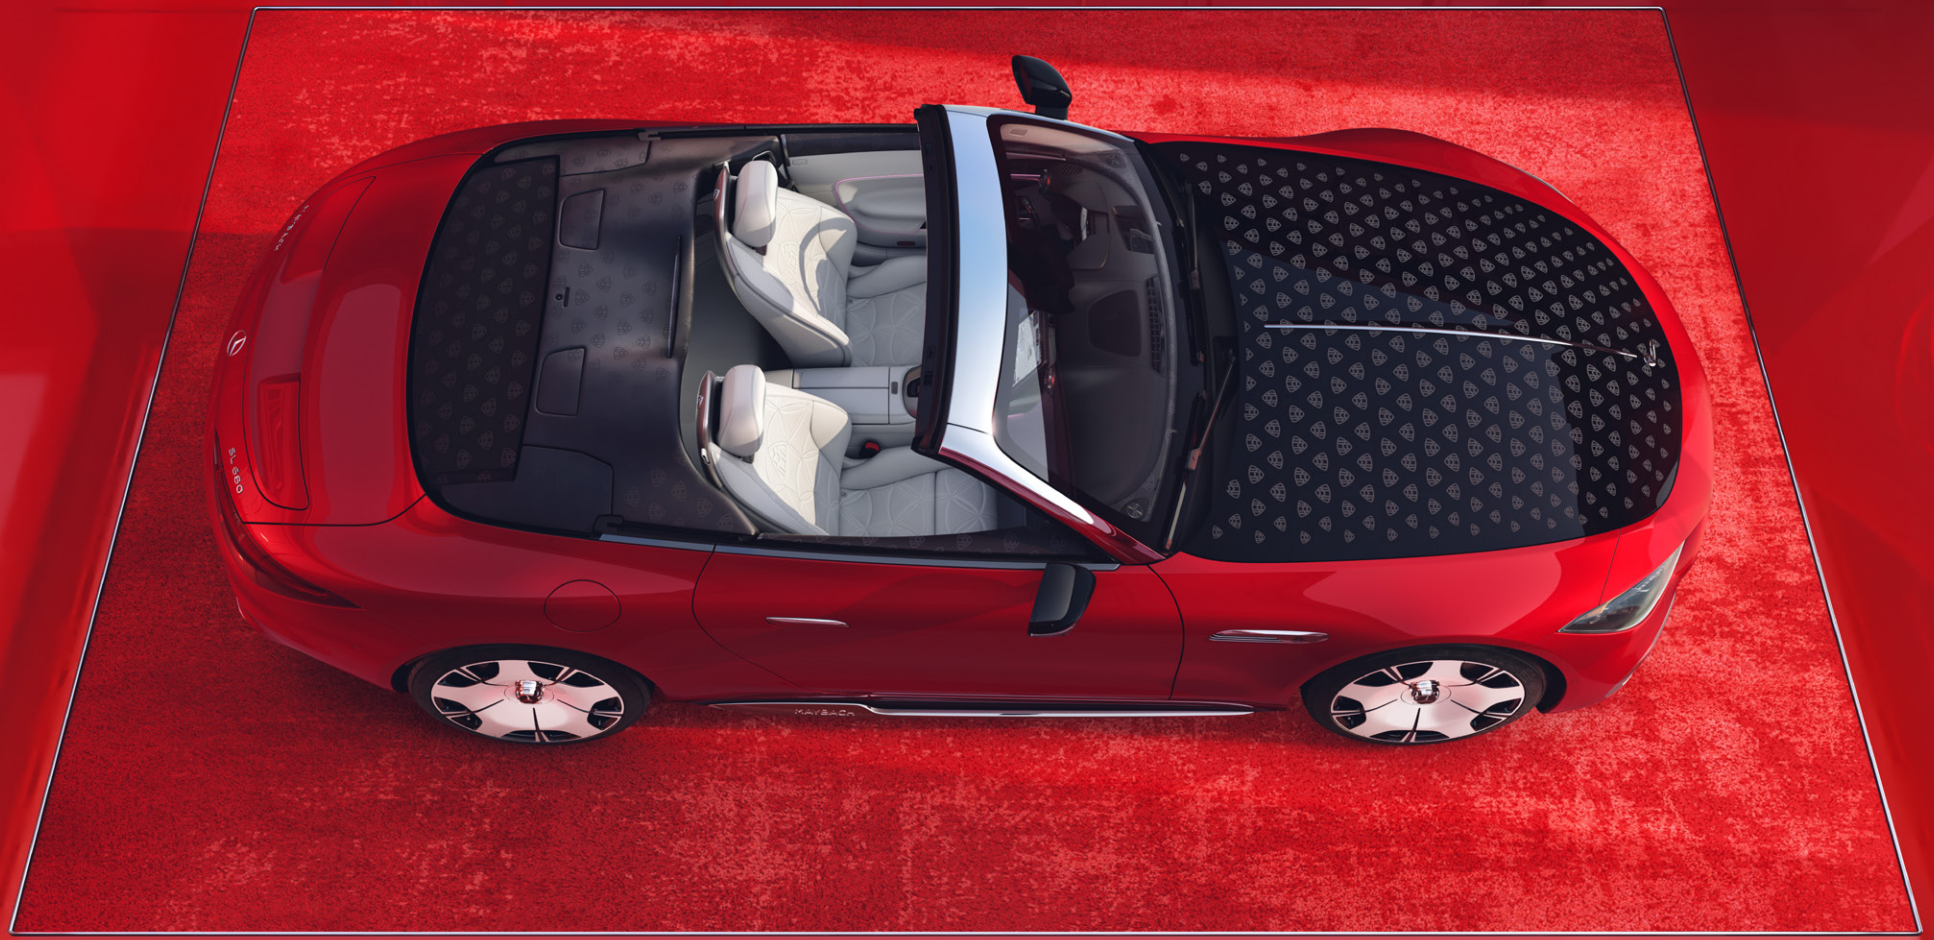

› Apply for First Cover

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects[2] and up to 30 years warranty against perforation due to corrosion from the inside out.[3] What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.[3]

[1]Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance [2]Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents [3]Subject to full Terms and Conditions, dependent on date of registration, available upon request
